Running for council

RPSTA/STF Experience, and Committee work:

- RPSTA councillor
- RPSTA workload review committee member
- RPSTA social media committee member
- Experience as an RPSTA assembly rep
- Experience as an STF school staff liaison

Teaching experience:

- 12th year teacher
- Experience teaching in Regina's core community schools

I am running for this position because:

- I feel strongly about advocating for teachers concerns such as workload, student supports, and funding for education.

If elected, I will:

- Continue to advocate for workload intensification
- Advocate for teacher time
- Continue to learn the policies and procedures of our association and federation and work to ensure that RPSTA members have a voice at the table during council.
