QUESTIONS AT

MIRANDA.FICK@RBE.SK.CA

I have been teaching for 10 years in Regina, I have seen much change in that time period and that change has encouraged me to be more involved in my local association and provincial federation. I believe in making informed decisions, I value listening to others as well as meaningful dialogue on issues involving our profession.

I will use my excellent communication skills to represent Regina Public and I am committed to providing strong leadership with integrity if elected again. I have worked hard to keep myself informed as to the needs of my colleagues and strive to represent the needs of all teachers.

*“Thank you for your consideration of
my candidacy*”
