Why you are running for the position?

- I have learned so much about the RPSTA as an Executive Member the past few years. I have developed a stronger social media presence for our association and helped to bring in new events and promotions to increase member engagement with the RPSTA. I want to continue to work on these areas for our teachers in the coming years!

What issues you hope to tackle, support, or advocate for during your term, if elected.

- I want to continue to work towards better communication between the RPSTA and its members as well as continue using our social media accounts for advocacy and informational purposes.
