### Why you are running for the position?

I believe that it is important for all teachers to be aware of the goings on of their local and provincial associations, and I enjoy sharing that information with my colleagues as I learn it.

### What issue(s) do you hope to tackle, support, or advocate for during your term, if elected.

As a member of Council, I will be a dedicated advocate for the current and future teachers and students of Regina Public Schools and Saskatchewan. My number one priority will be to continue to fight for improved working conditions for our members.
