Kaela-lee.kirsch@rbe.sk.ca

As a second year teacher, I am looking to get involved with our local association and provincial federation. I am aware that as a new councillor I will have a lot to learn but I promise to work hard, as I am committed to bringing forth positive changes. If elected, I will be an advocate for a safe, healthy and respectful work environment for all teachers. I will use my passion, communication skills and collaboration in order to ensure your voice is heard.

Thank you for your consideration
